A Better Business Model

Using freelance attorneys is a flexible way to staff cases and allows Attorneys to get help when they need it. Outsourcing is often more economical than hiring associates. Those savings can be passed along to your clients, which gives you a competitive advantage.

Our network of talented freelance lawyers can work on any written project you would assign to an associate, like research, pleadings, agreements, and discovery.

Set Your Own Flat Fee

With LAWCLERK, the hiring attorney sets the flat fee price she wants to pay for each project. If the work is highly sophisticated or a quick turnaround is needed, add a premium to compensate accordingly. If you need help with pricing, contact us and we would be happy to help!

Examples of Projects and Flat Fees

Review 5,000 Pages	\$750 - \$1,500
Motion to Suppress	\$350 - \$750
Summarize Discovery Responses	\$400 - \$650
Research	\$300 - \$3,500
Demand Letter	\$250 - \$800
Appellate Brief	\$1,000 - \$3,000

LAWCLERK Teams

Want the ability to work with your favorite Lawclerks on repeat? With LAWCLERK TEAMS, Attorneys can build multiple Teams for various types of work or areas of law. For example, an Attorney can have a Family Law Team, a Bankruptcy Team, and a Litigation Team. Attorneys can build as many Teams as they want allowing them to essentially create their own virtual law firm of freelance lawyers.

To help you find the right freelancers, you can post a Team Application and interested Lawclerks apply to be on that Team. There is no fee to post a Team Application. Interested Lawclerks will apply and you can review their credentials and add the top Lawclerks to your Team so that you will be ready to put them to work when you need help.

Once you have built your Teams, you can post a project directly to a member of your Team. If that Lawclerk isn't available, then you have the option to post to a different member of your Team or to the marketplace.

After using LAWCLERK for the first time, our firm stopped using any other contract attorneys. LAWCLERK provides us unparalleled talent at rates that are friendly to the bottom line.

**ROBIN

I spend so much time out of the office and I find myself less and less able to spend time drafting documents that are above my paralegal's ability. LAWCLERK is the perfect solution. My experience with the Lawclerks has been phenomenal and I've been elated with the work product. I will definitely continue to use it in the future.

**DOMINIC
GENTILE**

My experience with LAWCLERK has made me a believer. I hired a freelance lawyer to assist with a complicated U.S. Supreme Court Petition for Certiorari, and the result exceeded my expectations.

**KATE
MESIC**

As a solo, I struggled not having an associate. LAWCLERK has allowed me to have great quality research and drafting done on short notice, with no need to hire an associate! The work product has been phenomenal, and now that I have a team for the different areas of law I practice, the process is even smoother.
